

THE REBRAND

Behind the scenes, we have been busy with our re-branding. Watch this space for the transformations across the sites!

We have also launched our new website - check it out at www.brownconstruction.co.uk

You can also follow us on social media too.

NEW PROJECT ALERT

Follow us to see the progress over the next few months.

BUILDERTREND

We have introduced **Buildertrend** our client portal which provides our clients instant access to their project documents and unbeatable communication with the team.

WELCOME KEITH

We have recently welcomed a new Estimator to the team, **Keith** joined us in November and will help to support Adam behind the scenes.

PROJECT COMPLETE

We recently completed a rear kitchen/family room & luxurious bathroom, Check out the review below.

From the moment we engaged with the Browns to date (we are a couple of weeks away from finalising our 5 month extension project which started at the beginning of June 2020) we have been extremely impressed by Adam and his team. Starting from a competitive quote and efficient communication with us as customers, followed by the attention to detail and fantastic project management from James (all tradesmen have been here perfectly on time, meeting the original work schedule). They have been accommodating throughout the project, adapting to last minute changes and cooperating at all times. Worth mentioning that Browns is a well established building company. Michaela and Hayley support Adam with customer enquiries and accounting and they are extremely efficient. All the builders/tradesmen we have had to this point have been very pleasant, professional and very clean (which has been much appreciated considering we have been living in the house during the project). I would recommend Brown Construction to anyone that is embarking on a building project. Well done guys and a huge **Thank you**

from **Danny and Isabel Sims** (Bexley Village)
